ATG QR KEYPAD

ENHANCED SECURITY AND ACCESS CONTROL

Our QR Code Reader solution prioritises security, enabling precise access control. With swift scanning, authorised users gain instant access to designated areas, while intelligent flagging and blocking settings prevent unauthorised entry. Manage access within specified time durations for maximum security.

MULTI-MODE ENTRY

ATG QR Keypad offers a versatile multi-mode entry system designed to cater to your unique preferences and requirements. Whether you prefer the simplicity of QR code scanning, or the reliability of keypad/PIN code entry, ATG QR Keypad has you covered. Enjoy a seamless and secure access experience that puts you in control.

- Secure modern pin code entry
- QR Code invitations for seamless and contactless access
- RFID reader
- Flag and block unauthorised or unwanted individuals
- Real-time insights and reporting
- Time-based access restrictions and limitations
- Real-time arrival, departure or incident notifications
- IP65 Waterproof
