## ATG DIGITAL
Driving Change

ATG UHF READER

EFFORTLESS ENTRY

With ATG UHF RFID access control, gaining access to your premises becomes seamless and contactless. Frequent drivers can effortlessly enter gates by merely driving up to them! Say goodbye to the hassles of rummaging for remotes, queuing for entry, and stopping for ID tags.

- Seamless and contactless entry
- Safeguard against false unauthorised access
- Read range up to 12 meters (adjustable)
- Flag blocked vehicles for "no entry"
- Time-based access restrictions and limitations
- Completely integratable
- Optimise security measures

CUSTOMISABLE ACCESS LEVELS

Take complete control of access permissions with customisable levels. Assign different access rights to employees, visitors, and contractors, granting them entry only to specified areas during specified times as needed.

FEATURES

All plans include technical and quick support, upgrades, updates and notifications
