

ATG QR READER

ENHANCED SECURITY AND ACCESS CONTROL

Our QR Code Reader solution prioritises security, enabling precise access control. With swift scanning, authorised users gain instant access to designated areas, while intelligent flagging and blocking settings prevent unauthorised entry. Manage access within specified time durations for maximum security.

STREAMLINED TIME AND ATTENDANCE TRACKING

Our QR Code Reader solution streamlines time and attendance tracking. Capture precise entry and exit timestamps for accurate records. Generate detailed reports for efficient attendance management and workforce productivity optimisation.

- QR Code invitations for seamless and contactless access
- NFC card reader
- Flag and block unauthorised or unwanted individuals
- Time & attendance
- Real-time insights and reporting
- Time-based access restrictions and limitations
- Real-time arrival, departure or incident notifications
